Storefront Grand Opening

Owners Holly Gibbons & Linda Henderson want to say "Thank You!" to everyone who helped them celebrate the Grand Opening of Shop Franklin and Porch Music Store's retail location.

Over 100 of you attended our event on Sept. 17th and we had a grand time! The Franklin Chamber held a ribbon cutting ceremony and local political representatives attended to congratulate us.

We appreciate all the good wishes and word of mouth advertising you are doing for these two retail ventures. If you didn't make it to the Grand Opening, stop in any time to see us!

Customer Spotlight: United Way of Venango County

GBS recently worked with United Way of Venango County on a number of marketing assets to build the awareness of UW and its programs.

These included design of the 2016 Color Run t-shirt, creation of a tri-fold campaign brochure, a rack card listing United Way's partner community service organizations and programs, and various flyers for the United Way's events. The rack card and brochure carry the #LIVEUNITED brand.

The last piece of the project was the development of a new website branded with the same look as the rack card. <u>http://unitedwayofvenangocounty.org</u>. A focus was placed on providing easy access to the organization's services and making contributing to the United Way quick and simple.

Marketing Tip

By Audrey Hardenburg

Is social media valuable to your business's marketing efforts? Absolutely! If you're not currently using social media platforms such as Facebook, Twitter, and LinkedIn, you may be missing out on an opportunity to promote your business and brand to multitudes of potential customers.

Over recent years, these platforms have become very "business friendly". This means that they provide you with tools to help target specific audiences and spread your message to the people that would be most interested in your company's products or services.

One of the things to keep in mind is that each social platform has a specific social purpose. They are all geared to relay your message, but your marketing tactics should be tailored to each one so that it reaches your audience and accomplishes your goal in the most effective way.

GBS Cares

GBS cares about our communities—especially our children and youth.

Recently we took the opportunity to help promote childhood literacy in Venango and Forest counties, donating \$500 to the Dolly Parton Imagination Library. This United Way program provides free books to children, ages birth to 5 years. With our contribution, 20 area children will each receive 12 new books over the coming year.
