

Building Your Career

In previous sessions, you identified your strengths, weaknesses, and what type of work was right for you; identified long-term goals to achieve the career you want; and learned how to prepare for the interview. But getting a job is only the beginning of your career.

In this final session of our 4-part Career Development workshop, we will talk about career-building by:

- ✓ Following a long-term plan
- ✓ Using strengths for career advancement
- ✓ Networking to identify opportunities
- ✓ Building professional credibility
- ✓ Acquiring additional skills and education
- ✓ Adjusting goals along the way
- ✓ If you think entrepreneurship may be in your future, we'll talk briefly about this as well.
